## **1. THE PURPOSE OF THE VISIT**

### **1.1 Exposure to the way of living and reasoning of a different culture**

The stay with an ordinary German family enables the participant to broaden his / her views, knowledge, and opinions on various cultural backgrounds.

### **1.2 Young Ambassadors for South Africa**

Participants experience the different educational systems first-hand and have the opportunity to educate German learners about South Africa in the form of a presentation in class. School attendance is compulsory when school is open. Only in exceptional cases will schools be closed during the visit.

### **1.3 Personal growth and development of participants**

The impact the stay abroad has on the intellectual and personal development of participants is noteworthy. The feedback and achievements of ex-participants are testimonials to this effect.

## **2. DETAILS ABOUT THE PROGRAMME**

**2.1** Participants stay for 4/6 weeks with a German host family, depending on the relevant programme. Participants are considered members of the families and not guests or tourists. This includes sharing the normal household duties and German cuisine.

**2.2** Although the participants in the 4-week programs do not formally participate in tuition, school attendance is compulsory when schools are open. Participants attend a local German school to experience the difference in educational systems. Participants in the 6-week programme formally participate in tuition.

**2.3** We expect the German families to continue with their way of living while the guest is there.

**2.4** Private visits are only allowed during the last 4 days, and 3 nights of the programme.

**2.5** Depending on interest, we will offer a short tour at the end of the November - and December programs. Seats are limited and participants will be invited to apply for a seat on the tour.

## **3. CONDITIONS FOR PARTICIPATION**

**3.1** **The FSA is a cultural exchange programme and not a travel agency. We do not offer a tour of Europe.** Our participants stay with ordinary German families. The allocation of participants to families is done by the FSA. Participants are not allowed to use the families for free accommodation while travelling through Europe/Germany. The programme is for the youth; parents are not allowed to stay with host families.

**3.2** South African citizens aged 15 to 19 years, registered at a school in South Africa, may apply.

**3.3** Application does not automatically mean participation. Candidates must complete our selection process. Details about the selection process will be available later. The results are final, and no correspondence will be entered into.

**3.4** A working family cannot entertain the guest 24 hours per day. A certain degree of independence and self-confidence is vital, especially if the family has only younger children. Participants must be prepared to stay in a city or country and with a family with or without children.

**3.5** A shy person will struggle to adapt to the German lifestyle. There will be trying times. The ideal participant should be able to manage these situations without withdrawing himself/herself.

**3.6** Participants must be well informed about South Africa and Germany. Effective communication skills are necessary.

**3.7** Participants must be fluent in English. German as a school subject is not compulsory for the 4-week programs but is compulsory for the 6-week programme.

**3.8** Participants will be 'Young Ambassadors' for South Africa. The relevant headmaster/mistress, therefore, needs to approve the participation of candidates. We will send the list of names to the school for approval.

**3.9** An email address is compulsory for all candidates as all communication is by email.

**3.10** In Germany pets are seen as members of a family and participants need to accept and live with pets.

**3.11** Participants share German cuisine, and no special meals are provided.

**3.12** The programme does not make provision for special training programs e.g., sports or music.

**3.13** Although it is expected of participants to have their views about various subjects, no racism or sexism will be tolerated.

**3.14** An exchange programme is a reciprocal agreement.

Participants must host a German FSA participant during the same year as their participation for the same period or provide a suitable host family. A surcharge of R4 500.00 (+VAT) will be levied if you are not available to host an FSA German exchange student.

**Hostel learners:** The surcharge is levied.

**Gr 12 participants:** If you are unable to host before your participation, the surcharge of R4 500.00 will be levied automatically.
